I want to support a
smile for \$400

Please include your
business card for our
listings

Your Charitable
Contribution and tax
deductable gift helps a
person near you.

Lincoln County Dental, Inc. is a not for profit network of volunteers who give their time to assist residents of Lincoln County who's income is below 200% of the federal poverty line and have no dental insurance to help with the cost of care. Even volunteer programs have expenses and the number of individuals on our waiting list for cost subsidized dentures has grown into 2016. Our holiday fundraiser will help us assist those patients in need in a more timely fashion and provide them with dentures in the New Year.
